

Jason McAdam

610-823-5151 | Philadelphia, PA | jrmcadam9696@gmail.com | <https://www.linkedin.com/in/jason-mcadam/>

Education:

Master of Science in Human Computer Interaction and User Experience / Minor: Web Application Development

Drexel University/Philadelphia, Pennsylvania/ 2024 – 2026

Bachelor of Science in Computer Information Systems

Stockton University/Galloway, New Jersey / 2020 - 2022/GPA 3.5

Experience:

Drexel University – College of Computing and Informatics | Philadelphia, PA

September 2024 – Present

CCI Commons Support It Helpdesk

- Provide Tier 1 & Tier 2 technical support for students and faculty, resolving hardware/software issues across Windows, macOS, and Linux environments
- Maintain, track, and inventory AV & IT equipment, ensuring optimal performance for virtual and in-person learning
- Facilitate student coursework using Drexel-specific DevOps tools, VPN setup, and Linux environments
- Resolve a wide variety of technical issues, including faculty AV troubleshooting, 3D printing requests, event setups, and general IT inquiries

Projects

Relational Database for Car Dealership (Oracle SQL)

- Designed and implemented a relational database to manage inventory, repair records, and customer information, streamlining dealership operations
- Utilized SQL queries and Oracle Database to optimize reporting and business intelligence

Data Analysis for Apartment Complex Appraisal (Excel & Analytical Solver)

- Conducted data analysis on apartment specifications using statistical models and linear regression to determine market values for 25 apartment buildings
- Created detailed visualizations to support data-driven decision-making

Penetration Testing (Metasploit & Virtual Machines)

- Simulated ethical hacking scenarios using Metasploit on Kali Linux to identify vulnerabilities on Backbox Linux via VirtualBox.
- Performed network scans (Nmap) & vulnerability assessments, recommending mitigation strategies

Technical Skills:

Programming Language: Python / Java / SQL/ React/ JavaScript

UX/UI Design and Development: HTML / CSS / Figma / 3D Printing and Prototyping/ Wireframing

IT Support: AV Support / Windows + Mac Reimaging / Linux Distributions / Remote Desktop Support

Data & Security: Relational Databases/ Data Analytics/ Penetration Testing (Metasploit, Nmap)

Microsoft: Excel/ Word/ Suite/ Power BI/ Project

Certifications

- CompTIA Data Analytics +, Technical Certification

July 2024

Honors and Involvement:

Stockton University's Dean's List - Spring 2021 & Spring 2022

Organizations

Stockton Esports Leadership - 2020-2022

Relevant Coursework

Design Problem Solving, Prototyping the User Experience, Understanding UX Research Methods, Intro to Web Programming
